

Cholla District Weekly Update

I am pleased that I was able to use a portion of this year's district funds to provide two computers and desks at the Foothills Recreation & Aquatics Center. The computers are available for public use to learn more about city business and services, as well as accessing the internet. Internet use should be limited to appropriate web searches, bill pay, email, and registering for classes and programs sponsored by the City of Glendale. I would like to thank the Community Services and Information Technology (IT) Departments for their assistance in the installation of the computer stations.

Always feel free to contact me with your questions or concerns. I value your input and opinion.

City Announcements

Public Workshop Regarding The Update Of The Glendale General Plan. The City of Glendale has released the Public Draft of the 2040 General Plan for a 60-day public review period (February 9, 2016 thru April 9, 2016 by 5 PM). The City of Glendale will host the public workshop for the Glendale 2040 General Plan on **Monday, March 14, 2016 from 6:00 to 7:30 pm** at the **Glendale Public Library Main Library** (5959 W. Brown Street).

At this meeting, community members will have the opportunity to learn about the updates that have been made to the General Plan, as well as the major components of the General Plan that will guide future development of the City into 2040. The Public Draft Plan and the public review and comment process will be explained and attendees will have the opportunity to ask questions and provide comments at the workshop.

In order to develop a plan that is responsive to local needs, input from the community is essential. The public is encouraged to join us at this workshop to learn more about the Public Draft General Plan and learn how to provide comments to ensure that the General Plan 2040 addresses community desires and interest.
